## A Bird's Eye View of the State Sunday School Convention at Newport.

Newport has 35,000 inhabitants and is bounded on the North by Cincinnati, on the East by Bellevue and Dayton, on the West by Alexandria. Newport and Cincinnati are separated by the Ohio river. In going over those great cities it looks like we could not estimate the human beings who inhabit them; then we are made to consider the intellectuality of man and his great inventive powers. It makes us cry out, "what a great and wonderful Creator we have, and what great wisdom He has given to man."

Oh, what will it be in that city that is made of gold, with the Son of righteousness beaming down upon us with all of His light, love and beauty. Oh, won't that be glorious! Make us ambassadors for our King.

This great assembly was composed of men and women who came to get inspiration and information, with hearts hungering for lost souls, planning the best way to gather children and parents into the Sunday school that they may be taught the wonderful oracles of God.

Eight hundred delegates with hearts and minds open to receive the council of those godly men and women whose hearts were full of zeal and love, anxious to pour out their messages of wisdom and love into waiting hearts; unitedly planning the best ways and means to win the world to Christ. Me thinks that angels were listening to the hearty welcome and loving greeting that was extended to the delegates. It was indeed good to be there.

The 43rd Annual Convention met at Grace M. E. church Wednesday, Oct. 8, 1908. The convention opened with thanksgiving and praise song, "Blessed Be The Tie That Binds." Praising God in Scripture reading, 150 Psalm. Prayer by Dr. J. P. Whitehead. We are thankful to you for coming. Dr. H. Weigle: We are glad, for your coming will seal our friendship through all eternity, and we are all only a small part. You are just as welcome as the next shower of rain. We are asking God to give us showers of blessings. We are thankful we are here. President J. B. Weaver: If the world is ever brought to Christ it will be by the Sunday school. We believe that the smile of heaven is over us while we work and pray and gather the children into the Sunday school. If we work as we should work, hand to hand and shoulder to shoulder, we will win the world to Christ. We are thankful for God's blessings during the year. Huston Quinn, chairman of the executive committee: Our hearts go up in one united praise and thanksgiving to God for His loving care over us during the year. He explained to us the wonderful progress of the Sunday school and how God had blessed his efforts in many ways. Indications of progress for which we should be thankful.

J. P. Levell: When we look around us and see the great progress of the Sunday school, our hearts go up to God in thankfulness for organization and teacher-training. There is a great heart throbbing all over the world in the interest of the Sunday school and its progress is great. Studies in child nature.

Mrs. M. S. Lamoreaux: The problem of activity in the life, the power to do something. In the junior period try to get the child to use its energy for good service. It is like the woman kneading the leaven in the bread. It is not the person who does the most for the child, but what we make the child do for itself. Nothing is our own until we do it ourselves; strength only comes by doing. Habits formed make grooves on the mind and the soul which only the grace of God can cut out. Make the children understand what they ought to do. Teach them not to be selfish but do something for others. Father and mother should walk right themselves and say, "this is the way, walk ye in it."

The Scope of Teacher Training. Dr. Franklin McElfresh: Passion for service. There are two ways of looking at things. The scope of teacher-training ought to be re-doubled. There is unrest in the people to find out a better way. The thing we need is efficiency. We need to be training the young to live a higher life and get the great divine nature imbedded in the hearts of our children. How are we to do this? Oh, Lord open our eyes to our opportunities, and there is something in the way we should do it. If we come to the highest efficiency of work we must redouble our work in selecting and training teachers. The passion for service. Back of all this work must be intense love and great, intense passion to save lost souls. How can we secure this great passion? It is hard work to be a Sunday school teacher unless you have that wonderful passion, that secret of the Lord in your heart. When we feel the great heart beats of our loving Savior the work will be easy and

there will come a joy in our hearts unspeakable.

Dr. H. M. Hamill, Heart Searching: The convention that touches both heart and head is what counts for good. We should have solemn thoughts of our own personality. Am I growing? Are we stronger than we were last year or weaker? Can we know that we are growing? We certainly know. Am I growing in earnestness? I can't understand how a Christian man or woman does not know. We should go forth in our Sunday school work with great energy. Because thou hast been faithful in a few things I will make thee ruler over many. Are we growing in unselfishness and in patience? Are we growing in forgiveness, are we growing in charity, do we love the little ragged girls and boys on the streets? The highest worship is to thank God for his goodness and to look after and sympathize with the distressed. And if thou draw out thy soul to the hungry and satisfy the afflicted soul, then shall thy light rise in obscurity and thy darkness be as the noon day.

There comes a time in which no earthly friend can minister and nothing in the world can we enjoy. At this hour and these times we should not accept ourselves. Are we taking care of our bodies, the temple of the Holy Ghost? Are we living better, are we taking care of our ambitions? Look at Braham. He lived an hundred years after he was dead. Are we taking care of our gifts, and what are our gifts? The Sunday school teacher and preacher who are not taking care of their gifts are starving to death in the midst of plenty.

J. Shreve Durham, Education, Organization and Visitation: Come, over and help us with your power and Christian light to educate and Christianize. Come over and help prevent crime in the home and prepare citizenship and provoke love toward one another. House to house visiting is the greatest agency to lead souls to Christ. There is a great need for missionary work. If you want to help the distressed in your community go and see what they need. Keep your eye on the mountain country, so hungry for Sunday schools. The hope of our country is house to house visitation and the Sunday school.

Dr. Joseph Clark, of Ohio, Robert Moffett and Livingston: Those words so memorable. I have seen the smoke of a thousand villages that have never seen a missionary. The Sunday school is here, its great wheels are at work. The Sunday school is no toy, no plaything. There should be in every Sunday school a missionary society. The Sunday school is God's house of supplies. Begin with the children while they are young. John Wesley could read Latin readily at seven years. We have taught God's word only when others know it. We are not the salt of the earth unless we are put in use. No Sunday school lives to itself. When we see the great progress of the Sunday school we are staggered. The great temperance movement has come from the Sunday school. The home department has brought about the complete Sunday school that provides for the needs of all. As the little boy says: "Everybody goes to Sunday school except Pa." Mrs. J. E. Lynn.

The wholesome, harmless green leaves and tender stems of a lung healing mountainous shrub, give to Dr. Shoop's Cough Remedy its curative properties. Tickling or dry bronchial coughs quickly and safely yield to this highly effective Cough medicine. Dr. Shoop assures mothers that they can with safety give it to even very young babies. No opium, no chloroform—absolutely nothing harsh or harmful. It calms the distressing coughs, and heals the sensitive membranes. Accept no other. Demand Dr. Shoop's. Sold by Penny's Drug Store.

Roscoe Tartar held the boards at Cumberland Falls Saturday night to a "large" crowd of enthusiastic politicians, but when he finished roasting the Democratic party and blaming them for bringing the panic on, he was dumbfounded to find that he had been bellowing away to only three—and two of them were sound asleep.—Somerset Journal.

### Saved His Boy's Life.

"My three year old boy was badly constipated, had a high fever and was in an awful condition. I gave him two doses of Foley's Orino Laxative and the next morning the fever was gone and he was entirely well. Foley's Orino Laxative saved his life." A. Wolkush, Casimer, Wis. New Stanford Drug Co.

Lightning, which struck a school-house at Ionia, Mich., tore the shoes and stockings from the feet of Miss Mabel Kendall, who was knocked unconscious but not seriously hurt.

Foley's Honey and Tar cures coughs quickly, strengthens the lungs and expels colds. Get the genuine in a yellow package. New Stanford Drug Co.

## Democrats Enthusiastic and Confident.

LOUISVILLE, Ky., Oct. 28.—The democracy of Louisville is waging an aggressive fight—and that too against great odds; however, the old party is confident of victory, and the odds are now on the defensive.

The supplemental registration has added some 200 majority for the Democrats, making their grand total majority over the republicans of over 5,300. Of course, there is the Independent registration of some 10,000 votes, but why are not the democrats entitled to as many supporters from their ranks as the republicans? Then a large part of those who registered as Independents will divide their votes among the Socialist, Socialist Labor, Prohibition and Independence tickets.

The various democratic clubs and organizations will hold meetings and rallies over the city every night until the election. The laboring men identified with labor organizations are preparing for a monstrous rally and street parade to be held Saturday night. There will be several good speakers on hand—no lacking of oratory.

Louisville democrats are making the fight of their lives to carry the city and county (Jefferson) which compose the Fifth Congressional district, for Bryan and Kern and for Sherley for Congress. Mr. Sherley is now serving his third term in Congress. He is a young man, learned and popular; has made an ideal representative, and it is predicted that he will lead the ticket several hundred votes. The party managers and workers, as well as the rank and file, are working just as faithfully for the National ticket.

We have a united democracy in Louisville, and it lacks not for enthusiasm, however we have a strongly entrenched enemy with lots of boodle to combat. The G. O. P. is in control of the city and county government—in fact all the political machinery of city and county is in their hands, including the police and fire departments. Despite this the democrats are confident of victory.

If the democrats out in the State will only do their part there will be no doubt of the position "Old Kaintuck" will take in the battle of Tuesday next. Three cheers for Bryan and Kern.

Yours, CLARENCE COLEMAN.

## NEWS NOTES.

President Roosevelt was 50 years old Tuesday.

The two youngest children of A. D. Irvine, of Green county, were burned to death when the home was destroyed by fire. Mrs. Irvine and the eldest child narrowly escaped.

Little Elsie Lehhardt, aged 12, of New York, took her own life. Clashed in her hand was a picture of her dead father. She left a note, saying: "Everybody is mean to me."

The First State Bank of Fallis, in Lincoln county, Okla., was robbed of \$3,500 in currency and gold. George Schmake, the bookkeeper was arrested on suspicion of knowing something of the robbery.

A quarrel resulting over a woman culminated in a fight between John Murphy and Thomas Lawson near Hartman, Tenn., in which Murphy was killed. His assailant, though wounded, made his escape.

William Montgomery, former cashier of the defunct Allegheny National Bank, which failed some time ago, for over \$1,000,000, was found guilty of embezzlement by a jury in the United States Court at Pittsburgh.

The citizens of Trenton, Tenn., received a night rider warning in the shape of an anonymous left at the door of T. J. Kappel's home. A special term of court has begun its investigation of the murder of Capt. Rankin at Union City, and the soldiers on duty at Reelfoot Lake took 14 additional prisoners into custody, bringing the total under arrest up to 61.

About 50 alleged night riders were arrested by the Tennessee State militia in the Reelfoot Lake section. They are some of the best known men of that district. Many of them are believed to have knowledge that will lead to the culprit who murdered Capt. Rankin and those who were guilty of the assault on Judge Taylor. In the event that Gov. Patterson declares martial law to day, it is said several military hangings may take place.

Stomach troubles would more quickly disappear if the idea of treating the cause, rather than the effect, would come into practice. A tiny, inside, hidden nerve, says Dr. Shoop, governs and gives strength to the stomach. A branch also goes to the heart, and one to the kidneys. When these "inside nerves" fail, then the organs must falter. Dr. Shoop's Restorative is directed specifically to these failing nerves. Within 48 hours after starting the Restorative treatment patients say they realize a gain. Sold by Penny's Drug Store.

## POLITICAL.

William H. Taft, it is announced, will close his campaign at Youngstown, O., next Monday. He will deliver two speeches and review a parade of Republican clubs.

Justice John P. Elkin, letters to whom from John D. Archbold were read by William R. Hearst, denied that he had ever received money for improper purposes from Mr. Archbold or had tried to influence legislation for the Standard Oil Company.

John W. Kern, Democratic candidate for Vice President, who was compelled to cancel his speaking engagements last week on account of the illness of his son, began a tour of Southern Indiana Tuesday, speaking at Greenwood, Franklin, Columbus, Seymour and Jeffersonville.

Members of President Roosevelt's Cabinet will take an active part in the week's campaign. Secretary of State Root will speak in Ohio and New York, Postmaster General Meyer in Ohio, Maryland and New Jersey; Secretary of War Wright in Virginia and Maryland, Secretary of the Navy Metcalf in West Virginia, Attorney General Bonaparte in New York, Secretary of the Treasury Cortelyou in New York, and Secretary of the Interior Garfield in Ohio.

New York State will be the storm center of the closing week of the political campaign. Both the Republican and Democratic presidential nominees will tour the State, and some of the ablest speakers at the command of the National Committees have been assigned to participate in the battle for votes. With the exception of a brief speech in New Haven, Conn., Mr. Taft, the Republican candidate for President, will spend the entire week within the Empire State. Mr. Bryan will devote four days to New York and on Friday will enter Ohio, which, like New York, has a place in the doubtful column. Indiana, another uncertainty, will be toured by Mr. Bryan on Saturday, the Democratic candidate closing the week's campaign with a night speech in Chicago.

## HUBBLE.

Dr. Hickle bought 25 barrels of corn at \$2 50. John Robinson sold some fat hogs at 4¢ to J. H. Gose.

Eld. W. G. Montgomery will fill his appointment at the Christian church Sunday morning and evening.

Mrs. T. C. Rankin has returned from a visit to Somerset. Miss Nannie Adams, our efficient teacher, spent Saturday and Sunday with the homefolks at Middleburg. Dr. and Mrs. L. D. Hammond have returned to Russell county after a visit to his brother, Mr. J. A. Hammond. H. C. Taylor, of Monticello, is visiting friends here. "Uncle" Jack Yakey is back from Louisville, having come home to vote. We are glad to know that Mrs. J. C. Robinson is rapidly improving.

Served as coffee, the new coffee substitute known to grocers everywhere as Dr. Shoop's Health Coffee, will trick even a coffee expert. Not a grain of real coffee in it either. Pure healthful toasted grains, malt, nuts, etc. have been so cleverly blended as to give a wonderfully satisfying coffee taste and flavor. And it is "made in a minute," too! No tedious 20 to 30 minutes boiling. Test it and see. Dr. Shoop created Health Coffee that the people might have a genuine coffee substitute, and one that would be thoroughly satisfying in every possible respect. Sold by Penny's Drug Store.

The Benjamin Harrison monument at Indianapolis was unveiled Tuesday with impressive ceremonies. Gen. Harrison's youngest daughter drew the cord that revealed the monument, and Vice President Fairbanks made the principal address.

## A Healthy Family.

"Our whole family has enjoyed good health since we began using Dr. King's New Life Pills, three years ago," says L. A. Bartlet, of Rural Route 1, Guilford, Maine. They cleanse and tone the system in a gentle way that does you good. 25¢ at Penny's Drug Store.

The county judge of Leslie has sued the editor of the Thousand Sticks for \$5,000 for saying that the reason the financial statement of the county was not printed according to law, was that there was crookedness going on.

To quickly check a cold, druggist are dispensing everywhere, a clever Candy Cold Cure Tablet called Preventics. Preventics are also fine for feverish children. Take Preventics at the sneeze stage, to head off all colds. Box of 48—25¢. Penny's Drug Store.

It has been estimated that the eyelids of the average man open and close no fewer than 4,000,000 times each year.

NEXT Tuesday is election day. Of course you are aware of that fact but we want to remind you that you have a duty to perform and that you must perform it. It will be the most important election in years and your vote is necessary to make democratic supremacy certain. Vote in the circle under the rooster early Tuesday morning and spend the balance of the day seeing that your friends and neighbors do likewise. A single stamp in the circle under the game cock means a vote for Bryan, Kern, Helm, Owsley and Coffey. Then look at the bottom of your ballot and vote "yes" on the court house proposition. Bear in mind the democratic ticket will be found in the second instead of the first column this year. Be certain to find the rooster before you vote.

TID BURTON, one of the men under arrest in connection with the Reelfoot Lake Tenn. outrage, has made a complete confession to the authorities, in which he named 40 of the members of the band that killed Capt. Rankin. Rude masks were found on several prisoners. We hope the last one of the scoundrels who took part in the horrible murder will feel the halter draw before another year is ushered in. Gov. Patterson is to be congratulated on the firm stand he has taken and his acts show that the democrats of Tennessee made no mistake in nominating him for their chief executive another term.

"UNION county, S. C., again voted for prohibition by about 300 majority out of 1,500 votes cast. During the past three years of prohibition, the arrests for drunkenness decreased 50 per cent. and property valuations in the county are said to have increased \$2,000,000." This item appeared in the Courier-Journal. How Mr. Watterson must have pulled his hair and "cussed" when he found such an admission in his wet paper. Marse Henri has been paying too much attention to politics and not enough to the booze trust interests or the above would have been blue-penciled.

SENATOR LAFOLLETTE is a Republican, but he is more of a patriot than a party man. He says that Cannon ought to be beaten for his disregard of constitutional methods and the way they are pouring money and orators in his district the Republican leaders evidently think he will be beaten.

TEDDY called a cabinet meeting Tuesday but only two members were present and nothing was done. The other secretaries were out trying to prevent the election of William Jennings Bryan. We shall see how effective their work was.

THE Courier-Journal is arguing itself unknown by speaking of Rev. Andrew Johnson as "Rev. Andrew John." The C.-J. should post itself.

In a speech at Tipton, Ind., John W. Kern, the Democratic vice presidential nominee, made the specific charge "that \$100,000 of money, largely contributed by trusts and combines, was brought into Indiana last Sunday and passed through the hands of the State Board of Commissioners."

MR. BRYAN says if the Republican party controlled the elements which give us bountiful crops, there would be a trust on sunshine and a meter on the sun. As it is, it has provided a tariff that puts everything else nearly in the power of the trust.

Has Faith in Bryan and Gives Reasons for that Faith.

PINACLE POINT, LINCOLN CO. KY.—Will you grant space in your pure democratic columns to introduce a few arguments from a man in the mountains of Lincoln, on the political question?

Never in the history of the American people has there been such a political battle as now. I fear many of our common people and the careless reader do not see the Truth. We live in circles, i. e. history repeats itself. Before us is one of the most gigantic struggles ever waged between the Old Federalists and true democracy.

The Federalists went down in 1816, as many thought, never to rise again. But like Rip Vanwinkle it was only sleeping, to awake with greater vigor than ever. From 1860 until 1908 Federalism has prevailed. The republican party stands for concentration of power, for autocratic, plutocratic and aristocratic rule. It protects the few and makes them rich and enslaves the many. It ignores the right of a State, tramples the wish of the common people under the feet of those who rule. The republican party to-day stands for the doctrine of Hamilton, John Adams, DeWitt Clinton and other leading Federalists, who preached protection and centralization of power. The lines never were so closely drawn in the history of our nation, between the two great parties as in the campaign of 1908.

Let no one be deceived. It is a fight to a finish. The differences have never been so clear cut between the two parties as in this campaign.

There are 17 subjects in which we find eight agreeing. Nine widely differ. The republican platform in these nine have not one clear, positive enunciation, except it is to praise the present plutocratic government. It is evident to every clear headed, unprejudiced reader that their object is to blind and deceive the common people, while on the other hand the utterances in the democratic platform are bold, daring and radical. Any man with a thimble full of brains can comprehend what they mean. And if he be not a prejudiced man it seems to me he ought to see that the democratic party is the people's party and the poor man's friend. I am a prohibitionist as strong as Chafin, Watkins or Carrie Nation. Notwithstanding, I am a democrat and Watterson nor the Louisville Post can drive me out of my home, nor from the true principles so dear to me. No, sir! I would hate to think that I would vote the prohibition ticket this time, when we are in such a crisis. Democratic principles must prevail this time and Federalism must go down before it.

Don't ask me to throw away my vote when there is a possibility of placing a man in the highest office within the gift of the people of the United States; a man who would reinstate the whisky canteen in the army and thus rob the soldiers of their money and their brains. Throw away my vote when by so doing I may place a man at the head of this great Protestant nation who denies that Jesus Christ is the son of God. Must I vote against the greatest, purest and the best man our nation ever produced? A man who has always and upon all occasions upheld the Bible. Throw away my vote and by so doing possibly place a man in power who would recommend the elimination of the holy Bible from all our public schools and from the States, for he stands for the old Federal doctrine. No, not I.

Listen to reason, you prohibitionists of Kentucky: Are you for a few rich men to rule all the common people? Are you for the old Hamiltonian doctrine? If not, then be wise; waste not a vote, for the fight is on and the rich few will rule the many, or the many will rule all. Your vote against W. J. Bryan, may be the one he needed, and so you throw it away and elect a man who defends the canteen and denies the Bible? Do not think I am an old croaker away up here in the knobs of Lincoln county. I prophesy that the crisis is on us. The claims of the common people will prevail or forever go down in defeat. If we fail this time, autocracy, plutocracy and aristocracy will have us unhorsed forever.

I appeal to the socialists, populists, the independent party and all other friends of the common people to weigh your actions well, think seriously, conscientiously, before you vote against William Jennings Bryan, who is to-day your best friend. Say, voter, do you want to continue the high protection of the republican party and enrich the few and enslave the many? If not, make your vote count.

Now, Mr. Editor, this article is already too long, but please let me say just a few words in conclusion: The republicans say W. J. Bryan wrote ev-

ery word of the platform of 1908. Especially the Louisville Post, and makes capital out of the fact that it is a Bryan platform. Then they all try to prove him a fool. Now sir, I have this to say: If he wrote every word of the 1908 platform, then he is the wisest man that the world has ever produced, for there is not another man, living or dead, who could produce one better. If he produced all that is expressed in this platform no honest democrat can dare vote against him, for it is the clearest enunciation of democratic principles ever before seen. It is the pure, unadulterated Jeffersonian doctrine doubly distilled.

I am not a native of Lincoln county, but thank heaven, I have been here long enough to have a vote for William Jennings Bryan. ROLYAT REKRAB.

CONGRESSMAN HARVEY HELM is doing gallant work for democracy in this campaign. He has spoken all over the district, day after day, and will continue to do so until election day. His speeches are able, earnest and effective and are doing much good. Mr. Helm has emphasized his claim upon the democratic voters for their loyal and enthusiastic support, and he should have it to a man.—Harrodsburg Democrat.

RAINES.—Mrs. Sim Raines died at her home on East Main street Tuesday morning after a lingering illness which began with grip over a year ago. The burial took place in Buffalo cemetery Wednesday afternoon after funeral services at the home at 2:30 by Rev. J. Murray Taylor. Deceased was a devout member of the Baptist church and a good woman in every sense of the word. A husband and several children, all grown, are left to feel the loss of a model wife and an affectionate and indulgent mother.

ALBRIGHT.—Mrs. Nannie Catherine Albright, aged 54, died at her Mt. Vernon home at 9:30 Tuesday morning after an illness of six weeks of cancer of the stomach. The funeral occurred at the Christian church, of which denomination she was a consistent member, Wednesday morning at 9 o'clock and burial followed in Mareburg cemetery by the side of her husband, John C. Albright, who preceded her to the grave 17 years. There were only two children, William L. and Edgar S. Albright. William died 16 years ago and is buried by his father; Edgar S., the only remaining one of the family, is editor of the Mt. Vernon Signal and one of Rockcastle's best citizens. Mrs. Albright was a member of the order of Ladies of the Maccabees, a most excellent christian lady and very popular.

FOR RENT.—Cottage with cistern at door, large garden and necessary out-buildings. Store house well located with good pasture for horse and cow and a never failing well, one-fourth mile from church and school. Mrs. W. P. Bradshaw, Turnersville, Ky.

THE announcement of Mr. H. G. Wingate, of Boyle, for the democratic nomination for State Senator, appears elsewhere. Mr. Wingate is a clever gentleman, a substantial citizen and a democrat without spot or blemish. If nominated and elected we believe he would faithfully and satisfactorily represent the people of this district.

IT is a sad commentary on the white voter that he oftener destroys his own ballot than does the colored brother, who is supposed not to be so intelligent. The reason of this is two-fold. The white voter, thinks he knows it all, sometimes attempts to scratch and usually succeeds in rendering his ballot worthless. The colored brother is drilled in a sort of kindergarten held by the white leaders of his party, and told to stamp only under the log cabin. This he generally does and his vote counts. If Democrats would be as partisan and stamp only under the rooster there would be no trouble about his vote. It is only when he tries to scratch that he gets in bad. The safest way is to stamp in the circle under the game cock and let him do the scratching for you.

## MATRIMONIAL.

W. H. Williams, formerly of Mt. Vernon, was married at Frankfort to Miss Lucy Gammon.

Friends here have received invitations to the marriage at Kansas City of Miss Christine Evans, the beautiful daughter of Mrs. Henry W. Evans, to Dr. A. Comingo Griffith on Nov. 11. The bride is related to Mr. H. C. Farris and family, of this place.

At the hospitable and pretty country home of Mr. and Mrs. Bedell Chancellor at high noon Wednesday, their charming daughter, Miss Ophelia Chancellor, was married to Mr. James Wesley Williams. The ceremony, which was an exceedingly pretty one was said by Rev. T. W. Barker, of the Methodist church. Mr. Robert T. Bruce and Mr. George E. Chancellor, the latter of Cincinnati, preceded the happy pair and stood with them during the ceremony. Miss Sue Taylor Engleman played most exquisitely Mendelssohn's Wedding March and during the ceremony rendered Falling Leaves. The bride, who is a handsome brunette, accomplished and very popular, wore a becoming traveling suit of blue and carried a huge bouquet of bride's roses. She was the picture of health, happiness and beauty. The groom, a wealthy young farmer with a host of friends, wore a suit of black. After the ceremony the 50-odd guests were invited to the dining room where an elegant breakfast was served in courses. It was a toothsome repast, beautiful in its every appointment. The parlor and dining room were tastefully decorated with cut flowers, smilax and other evergreens and the alcove where the bridal party stood was a veritable sea of flowers. The occasion was altogether a most happy one and each person present was made to feel that it was good to be in the Chancellor home. The popularity of the now Mr. and Mrs. Williams was to some extent shown by the large number of wedding gifts they received. A short while after 1 o'clock the bridal party and a number of friends drove to Rowland where Mr. Williams and his pretty bride took the train for a bridal tour of a week or so. On their return they will make Stanford their home and there the best wishes of their legion of friends will always be with them.

## CHURCH MATTERS.

The Christian church at Nicholasville has extended a unanimous call to Elder W. S. Irvin, of Flemingsburg, to preach for the church for the year 1909.

Dr. W. C. Morro, of Lexington, will deliver at the Christian church Sunday morning the address he made to the State Convention at Hopkinsville some weeks ago.

The Women's Foreign Missionary Society of the Methodist church will spend approximately \$700,000 for missionary work in foreign lands the coming year. This was decided upon at a meeting of the secretaries of the seventeen branches of the society, held in Cincinnati Monday. The amount to be spent in the coming year is \$25,000 more than was spent last year when \$675,000 was approximated for the work.

Rev. Walter G. Harbin, the Southern evangelist, and his singer, Rev. Gueis, are stirring things in Mississippi. They had over 200 conversions at Biloxi, Miss., and have just closed a meeting at Port Gibson with over 200 conversions, 40 family altars erected, 80 members to the church and six young men called to preach the gospel as a result of their meeting. These gentlemen will hold a union meeting at the Methodist church, Stanford, Ky., beginning about Dec. 1st.

Heart Strength

Heart strength, or Heart Weakness, means Nerve Strength, or Nerve Weakness—nothing more. Positively, not one weak heart in a hundred is, in itself, actually diseased. It is almost always a hidden tiny little nerve that really is all at fault. This obscure nerve—the Cardiac, or Heart Nerve—simply needs, and must have, more power, more stability, more controlling, more governing strength. Without that the Heart must continue to fail, and the stomach and kidneys also have these same controlling nerves.

This clearly explains why, as a medicine, Dr. Shoop's Restorative has in the past done so much for weak and ailing hearts. Dr. Shoop first sought the cause of all this painful, palpitating, suffocating heart distress. Dr. Shoop's Restorative—this popular prescription—is alone directed to these weak and wasting nerve centers. It builds, it strengthens; it offers real, genuine heart help.

If you would have strong hearts, strong digestion, strengthen these nerves—re-establish them as needed, with

It was moved by Justice W. M. Duddar and seconded by Justice James McKechnie that the following action be taken by this court: The grand-jury of Lincoln county at its February term 1908, of the Lincoln circuit court, having recommended a new court house for Lincoln county, and it appearing to the satisfaction of this court that the court house now in use is unsafe and inadequate for the public convenience and the preservation of the public records, it is ordered and adjudged that the sum of Thirty five (\$35,000.00) thousand dollars, be suggested as the sum necessary to build a new court house, and it is further ordered an election be held, and a poll opened at the several voting precincts in Lincoln county on Tuesday November 3, 1908, the day of the next general election, at which the appropriation above suggested shall be submitted to the legal voters of Lincoln county for their approval or rejection. The Sheriff of Lincoln county is directed to advertise said election for at least thirty (30) days next before the day thereof in the Interior Journal, newspaper being the only newspaper published in Lincoln county, and the officers of said election are directed to hold the election between the same hours that they are required to hold elections for county officers, which election shall be held and conducted in all respects as required by the general election laws in force in this State, at the time the same is held.

The clerk of the Lincoln county court shall cause to be printed on the official ballots to be used in said election the words and figures: "Are you in favor of an appropriation of Thirty five Thousand dollars for building a new court-house for Lincoln county?" and have two spaces upon the right of same, one for voters favoring the appropriation to be designated by the word "yes" and one for voters opposing the appropriation to be designated by the word "No" and said clerk shall prepare said ballots to be used in said election in accordance with the provisions of section 149 of the Kentucky Statutes. In the event that the requisite number of legal voters of Lincoln county vote in favor of said appropriation, it is ordered that this court cause the bonds of Lincoln county to the amount of thirty five thousand dollars to be prepared, executed and issued in printed form, under the seal of the county, to be signed by the presiding Judge of the Lincoln county court, and countersigned by the clerk of said court, payable to bearer at Lincoln County National Bank, of Stanford Ky., which bonds shall not bear a greater rate of interest than four (4) per cent, payable semi-annually at Lincoln County National Bank, of Stanford, Ky., and interest coupons shall be attached to said bonds, signed by the clerk of the Lincoln county court, said bonds shall be issued in three (3) series to wit: Series "A" Series "B" and Series "C".
